

Lots of Good Tobacco

In the world. The trouble is to find it. Another trouble is to get the particular sort of good tobacco that suits your particular taste. If you haven't been finding just the right flavor in your cigars, come in and talk to us about it. Tell us about what kind of smoke you most enjoy, and we will find you a cigar that will give it to you.

Putnam Street Drugstore.
124 Putnam St.
Marietta, O.

Best.

You've seen the word "best" a thousand times in an advertisement. As a matter of fact it is the most abused word in the English language. People use the word carelessly. When they say "best" they don't always mean it literally. They seem to use it with a string attached.

THE BEST DRUG STORE.

The best drug store is the place where you get the most satisfaction. It is a place where the qualities are always right, no matter what the price. It is the place where you can depend absolutely on what you get. We really earnestly believe this is the best Drug Store in Marietta.

THIRTY CANDIDATES

Will Be Initiated Into the Mystic Shrine September 30th.

On Saturday, September 30th, a class of thirty will be initiated into the mysteries of the Mystic Shrine at the Auditorium. This date was set by Aladdin Temple, of Columbus, who will visit this city for the purpose of conferring the degree.

Already preparations are being made for a grand affair on this occasion. One of the many novel features will be the street parade, and all who remember seeing the parade at the initiation of a class by the Columbus Shrine a year and a half ago, will be anxious to see the parade this time.

Marietta Shrine already number about one hundred and prospects are flattering for a large increase during the next few months.

Druggists Organizing.

The druggists of this city are organizing an order of the National Retail Druggists Association which it is expected shall include every druggist within a radius of twelve miles. It was expected that the organization would have been effected this evening, but the Marietta representatives have not yet been secured. It is the aim, however, to finish the organization this week. It is stated that all the druggists of this city have agreed to join the organization except two, and it is hoped to bring them into line in a day or two.

The object of the order is to bring the druggists of this section of the country into closer relationship, to establish uniform rates, and to stop cut rates on patent medicines. The National Retail Druggists Association is an organization of only nine months existence, but is said to be in a flourishing condition of growth.—Sentinel.

Accidental Shooting.

On Sunday a son of Percy Johnson and a young man named Anderson whose parents live on the Wm. Harmon farm, were accidentally shot while examining a revolver. While handling the weapon the cartridge had been removed, and afterward replaced, unknown to Johnson, who picked it up. In some manner it was discharged, the bullet passing through Johnson's hand and entering the calf of Anderson's leg. The young man came to Dr. Bingham who was unable to treat him.—McConnellsville Herald.

A Worker.

A funny sight was that witnessed yesterday on the approach to the Putnam street bridge, where an officer had a prisoner at work with a hoe cleaning grass and weeds out of the cracks in the pavement. The funny part was that the officer also had a hoe and was doing more work than his charge, sweating all the while at a great rate. The city is to be congratulated on this valuable addition to the street cleaning department.

Bound Over.

Andrew J. Kline, of New Matamoras is in the toils again, this time charged with shooting with intent to kill. According to the affidavit in the case Kline shot at two men near New Matamoras on the 16th day of August. He was given a hearing before the Mayor of that place and was bound over in the sum of \$500. He gave bail and was released.

Fire in the Hayloft.

Some boys who were playing in the hay loft of the Marietta Manufacturing Co's barn yesterday, set fire to the hay. An alarm was turned in and the department made a quick run to the West Side. On their arrival there they found that the fire had been put out by the company's employees aided by a fire extinguisher.

Thrown From His Wheel.

A young man who was initiating himself into the mysteries of the wheel Tuesday evening, ran into a buggy on Franklin street and was thrown from his wheel. The bike was slightly damaged and the young man picked himself up found himself uninjured and proceeded with his lesson.

New Cases.

The Globe Building and Loan Association against Lenora L. Dean and Charles D. Dean. Petition for foreclosure of mortgage. Amount claimed \$439.48.

George M. Dewees against Philip Bules. Note, amount claimed \$350 with interest.

B. & O. S-W. Improvement.

The linemen who were at work stringing the cable containing the B. & O. S. W. telegraph wires, finished work yesterday. Work was commenced yesterday grading for the side track to the Webster oil refinery, West Side.

Will Play at New Matamoras.

The Lohdell base ball club of this city will go up to New Matamoras Saturday to play the local team at that place. The train will leave at 9:50 o'clock and the game will be called at 2:30.

Marriage License.

The Stalest Bread.

Sufferers from indigestion are advised to eat stale bread, the stalest the better, they are told. There is in the museum at Naples some bread which ought to be stale enough for anybody. It was baked one day in August, 79 A. D., in one of the curious ovens still to be seen at Pompeii. More than 18 centuries, therefore have elapsed since it was drawn "all hot" and indigestible from the ovens. So it may claim to be the oldest bread in the world. You may see it in a glass case on the upper floor of the museum. There are several loaves of it, one still bearing the impress of the baker's name.

In shape and size they resemble the small cottage loaves of England, but not in appearance, for they are as black as charcoal, which in fact, they closely resemble. This was their original color, but they have become carbonized, and if eaten would probably remind one of charcoal biscuits. When new they may have weighed about a couple of pounds each, and were most likely raised with leaven, as is most of the bread in Oriental countries at the present time.

The popular idea that Pompeii was destroyed by lava is a fallacious one. If a lava stream had descended upon the city the bread and everything else would have been destroyed. Pompeii was really buried under ashes and fine cinders, called by the Italians lapilli. On that dreadful day in August, when the great eruption of Vesuvius took place, showers of lapilli, then more ashes, and more lapilli, until Pompeii was covered over to a depth in places of 15 and even 20 feet.

Other combustibles besides the bread were preserved, and may now be seen in the same room in the museum. There are various kinds of grain, fruit, vegetables, and even pieces of meat. Most interesting is a dish of walnuts, some cracked ready for eating, others whole. Though carbonized like all the other relics, they have preserved their characteristic wrinkles and lines.

There are figs, too, and pears, the former rather shriveled, as one would expect after all these years, the latter certainly no longer juicy. But perhaps the most interesting relic in the room is a honeycomb, every cell of which can be distinctly made out. It is so well preserved that it is hard to realize that the comb is no longer wax nor the honey honey.

A piece of comb seems to have been cut out, and one can imagine some young Pompeian having helped himself to it and sitting down to eat it, when he had to jump up and fly for his life. One cannot help wondering what became of the piece—whether the young fellow took it with him and at it as he ran, or whether he left it on his plate, intending to return for it when the eruption was over.—London Daily Mail.

To Cure Constipation Forever.

Take Cascarella's Candy Cathartic, 10c or 25c. It cures constipation, cleanses the bowels, and cures the cure, druggists and money.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running ear, or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

Hall's Catarrh Pills are the best.

VEAL LOAF is a good thing and we are pushing it along. Just the thing for hot meals and sandwiches. Served cold and can be served hot. For a cut.

DISGUISED DANGER.

Hunters sometimes hide themselves in the disguise of a cow, and thus make their way into the very midst of the most cautious game. The mode of operation is shown in the

picture. In a similar manner consumption hides itself in the disguise of a throat or bronchial affection, making its way finally to the lungs, where the insidious germs eat away the victim's life. A stubborn cough, bronchitis and other throat troubles are the first steps toward this deadly malady. Dr. Pierce's Golden Medical Discovery will prevent consumption, curing every contributing cause. Time and time again, it has cured what local physicians have pronounced well-developed consumption. It makes the stomach healthy, the liver healthy, the blood healthy. It is a rejuvenating tonic, which makes the weak strong; puts ambition into tired people, puts flesh on thin bodies, and vigor into sluggish veins. It is a peculiar medicine in that its properties are preserved in any climate without syrup, sugar or alcohol entering into its composition. It does not create craving for injurious stimulants. It is the personal prescription of Dr. R. V. Pierce, of Buffalo, N. Y., whose widespread experience and success are at the service of the public without cost. Anybody, anywhere can consult him free by mail.

will write you what Dr. Pierce's Golden Medical Discovery has done for me. I was George H. Becker, of Dayton, Ohio. I was 35 years old and I was worried by a bad cough and a bad cold. I had a bad cold and it was very easy to take cold, the slightest change of weather would cause the cough to be so bad I would have to sit up in bed all night. Could not eat or sleep. Time and time again, could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery and have not used more than two bottles and now I can eat, sleep, and work and I feel like a new man. I had found words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me.

The negative remedy for constipation is Dr. Pierce's Pleasant Pellets.

—Mrs. Susan Cooke went out to Barlow yesterday to make a short visit.

—Mr. and Mrs. H. Harris, of Woodland, are visiting friends in the city.

—Mr. F. M. Dunbar, of Parkersburg, was in the city last night on his return from Red Sulphur Springs, where he has been for the benefit of his health. He leaves this morning to visit his father at Amesville.

Beauty Is Blood Deep.

Clean blood means a clean skin. No beauty without it. Clean your blood with Cascarella's Candy Cathartic to clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Peculiar Wedding Ceremony.

The marriage of Stephen Choppy and Theresa Wiesaw, two Slavonians, is being celebrated in a fitting manner, according to the custom of their country, at their residence on South Main street. The two people were united in the holy bonds of wedlock at the St. Alphonsus church on Monday morning, and at the conclusion of the ceremony repaired to the home of the bride. Here feasting and dancing was begun on an elaborate scale, a large number of Slavs being present in response to verbal invitations. The festivities are still in progress and will very likely be continued until this evening as it is the custom of the Slavonians, so it is said, to celebrate such an occasion for three successive days.

The music is being furnished by a man with a singular name, and who performs admirably upon an accordion. These present are certainly in earnest and are enjoying themselves most hugely. The groom is an employee of the Bellaire steel plant, and the bride is popular in the circles in which she moves.—Wheeling Register.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee, but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant, but a health builder, and children, as well as adults can drink it with great benefit. Costs about one-quarter as much as coffee. 15c and 25c.
